

Adjustable Two Point Sling

The SKT Industries Adjustable Two Point Sling was made with versatility in mind. The sling was made to accommodate a variety of mounting hardware. The sling can also be adjusted for size to ensure optimal positioning of the sling controls without having to adjust at the mounting points. This is especially convenient if heavy clothing or armor is worn occasionally.

Pulling on the tail will tighten the sling for more secure carry. A quick tug on the release tab will unlock tension on the sling, allowing for rapid deployment of the rifle.

Included: Adjustable Two Point Sling
Colors : Black, Coyote Tan and OD Green.
Price : \$35

All SKT Industries nylon products are proudly made in the USA.
